What is the difference between nEar08 MSE and nEar08 eXperience?

original release: *2014-09-06* | ID: *KB00199EN*

nEar08 MSE are a limited special edition of nEar08 eXperience , which were available for a limited time only exclusively via a large retailer in Europe. The only difference to the regular nEar08 eXperience model is the optical design and the colors of the wood and plastic parts. The speakers are identical in terms of their specifications and functions however.
